Research Statement

The topic of the Ph.D. research was "Role of Mahatma phule Backward Class Development Corporation in economic Development of the Backward Classes in Maharashtra with Special reference to Nanded District". under the direction of State government for the eradication of poverty of backward class peoples mahatma phule backward class development corporation is becoming popular and The research is regarding backward class development With the help of mahatma phule backward class development Corporation plays important role from last 30 years.

The research was about the study of general working and different schemes implemented for the development of backward classes by the corporation with special reference to Nanded district. Mahatma Phule backward class Development Corporation is one of the oldest corporation in

Maharashtra and its District offices in whole Maharashtra. The primary and secondary data was used to gate feedback of corporations beneficiaries and employees and related officials. It was concluded that the beneficiaries are not happy with the working of financial institutes as regard the insufficient of capital, provision of the finance is insufficient to run the selected activity. Increase of additional finance requirement, the beneficiaries have demanded additional finance from the corporations to run the present business activity.
