

## TESTIMONIAL

I, Mundhe Sandeep Bhagwanrao working as Assistant Professor at Shri Guru Gobind Singhji Institute of Engineering and Technology, Nanded. I am pursuing my research work on Extraction of Active ingredients from medicinal plant using ionic liquids. For above work, I am regularly and fully using analytical facilities of RUSA Centre, SRTM University, Nanded which is fully equipped with sophisticated instrumentation facility like HPLC, flash chromatography and other instruments are helping me for analysis required for research work. These instruments are very useful and outcome of my research findings have given promising results which will be soon going for research publications in reputed journals.
