One week Online Faculty Development Program (FDP) On
ICT Tools for Effective Teaching Learning (ETL)

27th April 2020 to 2nd May 2020

Theme: Enhancement of technology skills is essential to cope up with the current technological world. Especially teachers should adopt various ICT tools for effectiveness of Teaching Learning. In this one week program, we go through the following tools:

- Google for Education: Forms, Sheets, Classroom, Sites
- Edmodo: Learning Management System (LMS)
- Testmoz: Build automatically graded tests
- Mail Merge : Extract data from database and insert into documents
- Other useful ICT tools

Course Plan: Presentations, Demonstration videos and live discussion sessions on each tool

Certificate: Participants will get E-certificate if they score more than 50% marks in online tests
