**COMPENDIUM ON ATAL TUNNEL, ROHTANG**

Sir

1. It is intimated for your kind information that Border Roads Organisation of India has taken the lead in the field of Tunnel Engineering in the world as part of "ATAM NIRBHAR BHARAT" by constructing the Atal Tunnel at Rohtang Pass, Himachal Pradesh which is longest in the world above 10000 ft height.

2. As per the directions of the Hon'ble Prime Minister, BRO has prepared a comprehensive Compendium and Technical Brochure highlighting the challenges / difficulties faced during the planning and construction of Atal Tunnel. It highlights Geo-Morphological, Geo-Technical and design aspects besides containing the experiences shared by more than 1500 Engineers and other workers associated with planning and construction of the tunnel.

3. BRO website links (<http://bro.gov.in/WriteReadData/linkimages/9390242669-t2.pdf> and <http://bro.gov.in/WriteReadData/linkimages/4131323875-t1.pdf>) can be accessed for Compendium and Technical Brochure on Atal Tunnel for the benefit of the faculties and students. These documents will assist the new generation of engineers in studying the intricacies of the Tunnel Engineering. Also there has been a short movie made highlighting the salient aspects of the tunnel which can be accessed through the link <http://youtu.be/hR6rqplhkn4> on Google drive.

4. It is also recommend that in case faculty and students desire to visit the Atal Tunnel, to gain on ground knowledge the same can be coordinated with Lt Col Pradeep, HQ DGBR, Mob No. 9837691649.

(Birender Singh)  
Brigadier
