Part-B (With reference to Section 109 (04))

1. Courses Proposed for Existing Affiliated Colleges / Recognised Institutions, Education Society, Trusts in the University Area (Other than University campus, Sub centers & Conducted College)

A. Satellite Education Center: The satellite education centers are identified and will be developed considering the geographical isolated locations, sociological importance and need for specialized courses. These centres will be given to that institution which runs from last 20 years, financially sound & capable to invest and run such type of centres proposed one for one district. Accordingly three zones are identified by the University namely

- 1) Kinwat (Tribal Area, Low GER)
- 2) Kalamnuri, Dist. Hingoli (Hilly and Low GER)
- 3) Killari (Earth Quake Zone).

B. Community Colleges: (In the jurisdiction of University, All the four districts) Courses of duration ranging from 8 weeks to six months/ One Year specially designed for skill development and self employment.

The basic mission of introducing the concept of 'community college' is to increase the individual growth and professional development of individual person and enhance the performance of such individuals in society. The college will provide high quality education and flexible learning products. The individuals developed in this way will be assisting existing businesses. Community College may offer following such courses:
