From the Director's Desk:-

Dear Students,

It gives me immense pleasure to welcome all the viewers to this webpage. The Swami Ramanand Teerth Marathwada University, Nanded has already taken an initiative to open the external education for the educationally deprived people, the unreached students in this region and those working in the various sectors. In India external education opportunities at the university level have increased enormously. Most of the conventional universities have been running external education programmes on their campuses.

Recently, there has been a tremendous awareness throughout the country about the significance of higher education but the conventional system seems not able to accommodate the increasing demand of the students. Therefore, the spread of higher education through external mode is getting world recognition and acceptance.

The center for external education of this university through its sixty four study centres is striving hard to impart quality education. Presently the number of students enrolled in these centres is more than five thousand. The center for external education has the potential for fulfilling the desire and dreams of all the stakeholders.

I wish the learners all success!

Dr. Prakash N. Nihalani
Director
Center of External Education.
