2. Alumni Feedback

Sr	Feedback from Alumina	Action taken :
1.	Start campus selection for job:	All the schools have planned to conduct the campus interview for employability and some of the schools have placed few competent students through campus interview while studying the last semester of the programme.
2.	Mathematical papers are required in earth science	The Course of Statistical method is kept as optional paper in the programme of geography, geology, geophysics and environmental science.
3.	Course objective & outcomes are best.	It was the clear instructions to each content writer that he or she has to write proper objectives and outcome of the course before the teaching in the class.
4.	Take more practical session	Timing of the practical session is increased and some of the courses are newly introduced which are based on practical.
5.	Change some teachers and increase teachers for practical provide specialist teachers for editing	Those teacher who teach well theoretical course, will not be given by him any practical session and vice versa.
6.	Organize a short film festival	The school of media studies has planned to organize a short film festival in the coming year.
7.	Pls Arrange campus interview of Reputed authorised pharma company.	Flamingo Pharmaceuticals, sun pharma , Godavari drugs and macloids pharma companies were called by school of pharmacy to give placement to students .
8.	The course should be more towards a practical approach than a theoretical	The practical component is increased in each course of the each programme. At least 20 % of the syllabus is related to practical component.
9.	Work on skill development	New courses have introduced in the curriculum which are related to skill based education.
10	Company oriented syllabus provide	Curriculum is prepared taking into the account of industrial requirement.
11	Give a training on IT projects like . internship on any it company that student can understand what's the process of working in IT industry's.	The University has made a plan to organize training and a workshop on internship or industrial projects.
12	Subjects are outdated need to . upgrade the subject	Traditional courses are omitted and new burning courses are introduced in the syllabus.
13	Add more specialisations.	Under the choice credit system student has to choose any course from the inter or intra school

3. Teachers Feedback

Sr. no.	Feedback form Teacher	Action Taken
1	Syllabus should be suitable to the course	Syllabus is made on the basis of the current scenario of the subject, burning issues of the society, and employability of the course.
2	Objectives and Outcome of the courses should be well defined	Clarity about the course objectives and outcome is given by members of the BOS of all disciplines. Every teacher has to state the course objectives and outcomes of the course before start the teaching in the classroom.
3.	Course content is followed by reference material	It is the responsibility of the concerned teacher he or she must add reputed references for the content which is mentioned in the syllabus.
4.	No sufficient number of books are available in the library	Every teacher is requested to send the list of books which are required. The list will be given to publisher through our library department
5.	Keeping balance between theory and practical	Out of the four modules, at least two modules are related to theory and another two concerned to practical problems in the every course of the programme.
6.	Putting optional papers more	Keeping in the mind an Interdisciplinary approach, each programme has put optional papers for the student of any discipline.

4. Parents Feedback

Sr. No.	Feedback from Parents	Action Taken
1.	Need to improvise strategies to develop skills in students and give them opportunities	Skill related course are developed and given hands on training through workshop
2.	Focus on Campus Placement	Campus placement is scheduled in the fourth semester of the programme
3	Have a good extra class for the project in 5th semester.	Project guidance is given to students by the teacher continuously with extra class
4	Update syllabus	Each teacher has flexibility to make any addition or deduction in the course looking update knowledge of the concerned subject.
5	Please provide some additional books and arrange seminars guest lectures	Every year, three schools are organized an international seminar on current issues and guest lectures are arranged by every school of the university.
6	Please start the Animal House as soon as possible .	It is started.
