**(Structure and Syllabus of Four Years Multidisciplinary Degree
Program with Multiple Entry and Exit Option)**

UNDERGRADUATE PROGRAMME OF HUMANITIES

Major in DSC NCC

Under the Faculty of Humanities

Effective from Academic year 2024 – 2025

(As per NEP-2020)

***Forward by the Dean,
Faculty of Humanities.....***

National Education Policy 2020 has been announced on 29.07.2020. NEP 2020 proposes a new and forward-looking vision for India's Higher Education System through quality universities and colleges. Its key is in the curriculum and its practical implementation.

The curriculum must be exciting, relevant, and regularly updated to align with the latest knowledge requirements and meet specified learning outcomes. High-quality pedagogy is necessary to impart the curricular material to students successfully; pedagogical practices determine the learning experiences provided to students, thus directly influencing learning outcomes. The assessment methods must be scientific, designed to improve learning continuously test the knowledge application.

The university's proper framing and development of syllabi will result in the upbringing and nourishment of multidisciplinary and holistic citizens. Emphasis is on outcome-based learning. Every course has well-defined objectives and outcomes. The assessment guidelines also provide clarity and precision to the vision behind prescribing the particular course content.

NEP foresees more vibrant, socially engaged, cooperative communities and a happier, cohesive, cultured, productive, innovative, progressive, and prosperous nation. The introduction of Research Methodology and ethics will widen the vision and broaden the perspectives of the learners.

Introducing Case Studies and Field Projects has created a unique opportunity for the higher education institute to bridge the gap between the academia, industry and the community NEP believes effective learning requires a comprehensive approach that involves an appropriate curriculum, engaging pedagogy, continuous formative assessment, and adequate student support.

We are sure that the Graduate centres of this university and its affiliated colleges will implement the course effectively and successfully, resulting in a healthy and more creative academic ambience.

Prof. Dr. Parag A. Khadke
Dean, Faculty of Humanities,

Prof. Dr. Shailaja Wadikar
Asso. Dean, Faculty of Humanities,

Swami Ramanand Teerth Marathwada University, Nanded.

From Desk of Chairman, Board of Studies in Military Science & NCC

Preamble:

The National Cadet Corps (NCC) is governed by NCC Act 1948 and attendant NCC Rules. It functions under the Ministry of Defence and is headed by DGNCC. It is organized into 17 State Directorates each headed by an Additional/Deputy Director General.

The aims of NCC are:- (a) To develop character, camaraderie, discipline, secular outlook, the spirit of adventure, sportsman spirit and ideals of selfless service amongst cadets by working in teams, honing qualities such as self-discipline, self-confidence, self-reliance and dignity of labor in the cadets. (b) To create a pool of organized, trained and motivated youth with leadership qualities in all walks of life, who will serve the Nation regard less of which career they choose. (c) To provide a conducive environment to motivate young Indians to choose the Armed Forces as a career.

Currently NCC training is imparted as extra-curricular activity to volunteer students from recognized schools and colleges who enroll as cadets. NCC as a Credit Course is designed with an intent to transform NCC training into a curricular activity from an extra-curricular thereby providing academic credits to students undergoing NCC training along with other attended advantages to the cadets in the college/ university.

Introduction to NCC Credit Course Design. Institutional Training is the mainstay of NCC training and it is conducted at colleges and universities by Associate NCC Officers and Armed Forces personnel. The Institutional Training syllabus comprises Common Subjects and Specialised Subjects (military component).

Training schedules planned for cadets ensure that the optimum benefits of the NCC organization reach maximum number of cadets. The main emphasis is on practical training which in consonance with theory is made to facilitate active participation of learner, better assimilation of knowledge, and proper development of various skills, strengthening of mind and body which is the bedrock of NCC training.

The government through the University Grants Commission has allowed students to take up NCC (National Cadet Corps) as an elective subject in colleges. NCC AS ELECTIVE SUBJECT IN COLLEGES This will benefit cadets, including those from the border areas where additional cadet strength has been authorised as part of the overall Border Areas Expansion Plan and help the youth to contribute towards Nation building. NCC is to be considered a General Elective Credit Course (GECC) in response to the proposal mooted by the Directorate General National Cadet Corps, New Delhi.

NCC syllabus for B and C certificates has been designed as per the Choice Based Credit System (CBCS) of National Education Policy 2020 which grants 24 credit points covering six semesters. The move is in consonance with the National Education Policy 2020 where students can select their choices of subjects rather than being confined to only those being offered by the institutions. On successful completion of the

course, students are awarded credit points which will enable them to qualify for their respective degrees. There are several advantages linked with the proposal that would benefit the students immensely. In addition to the development of discipline, leadership qualities, a strong character and a spirit of adventure, students opting for the subject would get opportunities to take part in outdoor camps and adventure activities and at the same time earn credits for their course. It would also improve their career prospects as students with NCC background are considered as assets by government and corporate organisations.

In addition to Program Educational Objectives, for each course of undergraduate program, objectives and expected outcomes from learner's point of view are also included in the curriculum to support the philosophy of outcome based education. I believe strongly that small step taken in right direction will definitely help in providing quality education to the stake holders.

General Guidelines for course structure:

- 1) The Major subject is the discipline or subject of the main focus and the degree will be awarded in that discipline/subject.
- 2) Credits and curriculum for optional subjects are same in the first year
- 3) In the first year Students should choose three different subjects as optional subject in same faculty).
- 4) From the Second year curriculum of Major and Minor subject is the different and student have to select major and minor from three optional subjects.
- 5) Generic /Open Elective is to be chosen compulsorily from faculty other than that of the Major. (Select from Basket)
- 6) Vocational and Skill Enhancement Courses (VSEC or VSC and SEC) are related to Major Course (DSC)
- 7) Ability Enhancement Courses (AEC) :
 - a) English language may be offered Sem. I for 2 Credits and sem. III for 2 Cr. in AEC
 - b) Second languages may be offered Sem. II for 2 Credits and sem. IV for 2 Cr. in MIL
- 8) Column No. 8 and 9 is common for all faculties.
- 9) Curriculum of VEC, COI, IKS and CCC will provide by university.

Distribution and Evaluation of Course Assessment

A. Continuous Assessment (CA) (20% of Maximum Marks):

Test I	Test II	Assignment	Total (1+2+3)	Average of Marks (Colum 4/3=)
1	2	3	4	5
10	10	10	30	10

This will form 20% of the Maximum Marks and will be carried out throughout the semester. It may be done by conducting **Two Tests and One Assignment**. Average of marks scored in these two tests and one assignment of a theory paper will make CA.

B. End Semester Assessment (80% of the Maximum Marks):

1. ESE Question paper will consists of 6 questions
(Each of 10Marks for 02 credit pattern)
2. Question No. 1 will be compulsory and shall be based on entire syllabus.
3. There will be 4-5 sub questions in Question No. 1
4. Students are required to solve a total of 4 Questions.
5. Students need to solve ANY THREE of the remaining Five Question (Q.2 to Q.6) and shall be based on entire Syllabus.
