Effective from Academic year 2024 – 2025
(As per NEP-2020)

Foreword by the Dean, Faculty of Humanities.....

National Education Policy 2020 has been announced on 29.07.2020. NEP 2020 proposes a new and forward-looking vision for India's Higher Education System through quality universities and colleges. Its key is in the curriculum and its practical implementation.

The curriculum must be exciting, relevant, and regularly updated to align with the latest knowledge requirements and meet specified learning outcomes. High-quality pedagogy is necessary to impart the curricular material to students successfully; pedagogical practices determine the learning experiences provided to students, thus directly influencing learning outcomes. The assessment methods must be scientific, designed to improve learning continuously test the knowledge application.

The university's proper framing and development of syllabi will result in the upbringing and nourishment of multidisciplinary and holistic citizens. Emphasis is on outcome-based learning. Every course has well-defined objectives and outcomes. The assessment guidelines also provide clarity and precision to the vision behind prescribing the particular course content.

NEP foresees more vibrant, socially engaged, cooperative communities and a happier, cohesive, cultured, productive, innovative, progressive, and prosperous nation. The introduction of Research Methodology and ethics will widen the vision and broaden the perspectives of the learners.

Introducing Case Studies and Field Projects has created a unique opportunity for the higher education institute to bridge the gap between the academia, industry and the community NEP believes effective learning requires a comprehensive approach that involves an appropriate curriculum, engaging pedagogy, continuous formative assessment, and adequate student support.

We are sure that the Graduate centres of this university and its affiliated colleges will implement the course effectively and successfully, resulting in a healthy and more creative academic ambience.

Foreword by the Coordinator, Ad-Hoc Board of Studies in Foreign Languages (French and Spanish)

The SRTM University is today connected to various institutions all over the world through MOUs and other avenues. There are numerous other international academic opportunities and funding available to students of the all Faculties today, where knowledge of Foreign Languages is an asset. Besides, learning a foreign language expands the world vision and knowledge base of any learner and is of particular use to a student of language, literature, social sciences and commerce and management. Learning a foreign language offers the learner insight into how languages and cultures interact. Therefore, through their own process of learning a new language, students gain knowledge of the cultures and economies that the foreign language is associated with. This in turn helps them to better understand the linkages, exchanges, contacts and conflicts that exist between various economies and cultures in this globalized world. Hence, inclusion of a foreign language component in UG programs, besides offering access to numerous professional and academic opportunities, can only enhance and enrich the comprehension and research capacity of the learners. It can generate in the students the wish to learn more about other cultures, literatures and civilisations and also prepare them for becoming better global citizens and successful professionals with more mobility and opportunities.

The mission of the Foreign Languages Departments is as follows:

- ❖ To provide students quality training in foreign languages.
- ❖ To prepare students to enter a globalized job market with specific language skills.
- ❖ To prepare students to adapt to diverse cultural situations and navigate them successfully.
- ❖ To prepare students for successful careers in various industries that require foreign language skills and meet the needs of Indian and multi-national companies.
- ❖ To provide opportunity for students to work as part of teams on international multidisciplinary projects.

DEPARTMENT OF FRENCH
PROGRAMME STRUCTURE, SYLLABUS AND ASSESSMENT PATTERN OF
CERTIFICATE, DIPLOMA, ADVANCED DIPLOMA COURSES
Courses codes updated w.e.f. 2024-25.

Rationale and Scope:

French is spoken by a vast number of people all over the world. It is one of the important international languages for business, diplomacy, education and culture. Thus, this language is an important value addition to students aspiring to an international career.

As India's international presence in business and research increases, knowledge of French is an asset to Indian professionals and researchers in all domains. With *glocal* (global+local) focus in industry as well as education, inclusion of foreign languages like French in curricula will prepare students to meet the professional needs of a globalized world. International academic exchanges and learning opportunities in French speaking countries will also be within the grasp of students with FLE skills.

Taking into account the place of French language in the world, the Department of French has been constantly offering various courses in French language for students & non-students on and off the campus since 2012. This structure and syllabus revision of existing FLE courses will take into account the modalities of NEP 2020, the changing profile of industries, the emerging career opportunities related to French language, the interests of the learners, their holistic development and the reality of a digitized and globalized world.

The programmes under revision are as follows:

1. CERTIFICATE COURSE IN FRENCH (1 semester)
